The Comfort Trainer has proven to be a wonderful product for all the employees here at Tackett's Mill Veterinary Hospital. We can use them in house to walk energetic boarding pets, and it also helps to calm over anxious dogs that need to be examined by the doctor. We are happy to recommend them to clients who need some help steering their pets in the right direction. The Comfort Trainer lives up to its name as many dogs who may panic with the tighter fitting Gentle Leader will accept the lightweight looser style of the Comfort Trainer. This benefits both the dog and the owner as we find clients much more eager to use a product that their dog enjoys wearing. This is truly a wonderful product and the only style of head collar that we recommend.

Aileen Tubbs  
Veterinary Practice Manager
